

Dailey Pediatrics and Family Medicine, P.C. utilizes the services of certified Nurse Practitioners and/or Physician Assistants who practice under the supervision of Dr. Glen Bunn. Dr. Bunn is accessible to the Mid-Level Providers for consultation if needed and warranted regarding aspects of patient care and treatment.

Dailey Pediatrics and Family Medicine, P.C. also provides clinical supervision for Physician Assistant Students, Nurse Practitioner Students, Registered Nurse students, and Licensed Practical Nurse Students for their clinical rotation. Any student with a clinical rotation at our office may take the patient's vital signs, perform an exam/assessment, and may offer education approved by one of the Mid-Levels or the MD at Dailey Pediatrics and Family Medicine. If the patient or legal guardian is not comfortable with a student, please make the staff aware prior to your appointment.

I have read and am in full understanding of all of the above.
